

IT IS IMPORTANT
THAT WE MAINTAIN
THE CHARACTER OF
THE ISLAND

Don't need
to follow
Jersey,
don't wait
worry
about
ourselves
first!

More places for young
children to play in bad
weather are needed!
So lucky to have the
beaches/wonderful outdoor
spaces otherwise...

We should better consider the
needs of health/education when
handing out Housing Licenses.
Too many good & exceptional
teachers & specialists in health
are lost and it is hugely costly to
the island. We should remember
that it is not a privilege for these
people to come here - rather it is us
who are lucky to have these
services for a small island.

WASTE
TREATMENT IS
AN ABSOLUTE
MUST.
ESPECIALLY ON A
SMALL ISLAND
LIKE THIS.

A RECIPROCAL ARRANGEMENT IS NEEDED
WITH EU COUNTRIES TO PROVIDE "CARERS
ALLOWANCE" TO CHANNEL ISLAND
OCCUPANTS / RESIDENTS WHO CARRY OUT
LONG TERM CARE OF RELATIVES &/OR
DEPENDENTS IN THEIR OWN HOMES EITHER
HERE OR THERE. AT PRESENT TO GET THIS
ALLOWANCE ONE HAS TO LIVE IN THE EU.
THE COST OF TRAVEL ETC., CAN CAUSE
STRESS WHICH IS NOT ACCOUNTED FOR
LOCALLY.

Make it easier for people living
here who have elderly
dependents in the UK who are
alone and need care to come
here and be looked after by
their family but not necessarily
in the home - who are also
financially independent and
not a drain on the island.

We must retain our
culture and heritage and
not over develop under
the Zero 10 go for growth
strategy.

EXTEND
THE
RUNWAY

We need to make sure that
our health and education
services are funded correctly.
Our education and health
services are already
struggling with cuts in
funding and also license
availability. Serious thought
need to be put into the future
planning of these services. You
get nothing without
investment.

LACK OF PROVISION
FOR
ACCOMMODATION
OVER WORKSHEDS
FOR ARTISTS &
SMALL BUSINESSES
WHICH ALSO
REQUIRE
SHOP/OFFICE/
WORKSPACE/STOR-
GE WITH
ACCOMMODATION

THE LACK OF BUSES FOR
WORKERS WHO DO NOT LEAVE
OFFICES AT 5.00 OR 5.30 AND
THE LACK OF ALLOCATED
PARKING FOR SHIFT WORKERS
AT THE HOSPITAL WHO
RETURN TO THEIR HOMES IN
TOWN BUT CANNOT PARK
WHEN EVERYONE ELSE HAS
PARKED FOR THE NIGHT
LEAVING NO ROAD SPAN-
CE - PARKING SPACE NEEDED IN
TOWN

Recycling sites -
especially Chouet
- in a terrible
state.

THE DEVELOPMENT OF LARGE MODERN
BUILDINGS
IN SITES WHICH CAN BE SEEN TOO READILY
BESIDE OLDER BUILDINGS & TRADITIONAL
STYLE BUILDINGS IN THE TOWN ENVIRONMENT
DETRACTS SERIOUSLY FROM THE PREVIOUS IDC
POLICY OF KEEPING THE ROOFSCAPES &
BUILDING HEIGHTS IN SYMPATHY WITH THE
EXISTING BUILDINGS. ST. JULIANS AVENUE,
NORTH SIDE, PROVIDES AN EXAMPLE OF THIS
CLASH. WHICH IS NOT A GOOD 'GATEWAY TO
GUERNSEY'

RUNDOWN, SLUM
LANDLORD BUILDINGS
THEY SHOULD BE
FORCED TO IMPROVE OR
BE COMPULSORILY
PURCHASED - IT IS A
DISGRACE

REGULAR AIR AND SEA
LINKS TO THE UK

MORE WATER SPORTS
NEEDED WITH
APPROPRIATE BUILDINGS
FOR STORAGE AND
TRAINING.

Absolutely. ↑ Agree with
above. Permanent mistakes
have been made totally out
of character with existing
older buildings & consent is
still given for this to
continue.

Airport is a vital link for
the island. Without it we
will not enjoy the lifestyle
that we currently do.
Hence we must invest in
ensuring those links and to
make sure we never become
a link for a Jersey hub -
this would be utterly
disastrous.
