

GOOD, BAD OR UGLY BECAUSE ...

Ugly and bad – wrong place and not healthy.

Old rusty chimney should have been replaced years ago.

Ugly power station – marina basically a 'car park'.

Scope for improvement in appearance.

Good (but ugly) – continues long Guernsey traditional trade.

Ugly – marine and general boatyard.

Horrible to look at. Very out of line with Guernsey on the whole.

... IN THE FUTURE WE SHOULD ...

Should be demolished.

Bad – why don't we switch completely to nuclear electricity from France.

Only relevant for the next 30 years until oil runs out!

Redevelop/modernise.

Renewable energy.
