

GOOD, BAD OR UGLY BECAUSE ...

Good – it encourages the young to enjoy our basic elements.

Good if in controlled areas (defined).

Good – freedom of character of Guernsey.

All good – symbols of the island at ease with itself.

All good – but not the whole story. So many people are left out of this.

Good – local sports essential in our community.

Good as physical exercise in a natural setting.

Sewage pollution is a problem – long live Surfers Against Sewage!

Good – promote clean beaches & sport & tourism.

... IN THE FUTURE WE SHOULD ...

Encourage more sports, as tourist attraction and ways of dealing with young criminals.

Utilising water – more on-sea activities run.

More of this – so more experiences/things to do.

More water activities – jet skis etc.

Allow this to continue and try to combat water use activity conflicts.
