

GOOD, BAD OR UGLY BECAUSE ...

A park in town – great.
Excellent site for Victor Hugo.
Good – a peaceful park.
Good – let's have more public sculpture.
Important – central gardens, open space – but hard to find for visitors.
Attracts French tourists.
Good local history – links with France.
Good local heritage – need to stick to traditions (don't lose cultural heritage).
Good –remember your heritage.
Good to retain our historical links.

... IN THE FUTURE WE SHOULD ...

More public art – good for tourism.
St. Peter Port needs more green spaces –what do we do have should not be built on.
Tourism has not capitalised on the world-wide recognition of Victor Hugo.
Protect local heritage.
