

GOOD, BAD OR UGLY BECAUSE ...

Keep Saint Peter Port as our main shopping centre.

Good to have a car-free shopping zone – much more social.

Uninspiring – needs more life.

Good – gives Guernsey an old town look.

Good – good range of shops, good choice, places to hang out, aesthetically pleasing.

Local support for local retail.

More parking.

Good – High Street creates business

Good except in summer when there should be flowers, not awful plastic bunting.

... IN THE FUTURE WE SHOULD ...

Lower rents to regenerate town.

More high-street stores should be introduced.

More control on rents to protect retailers.
