

### GOOD, BAD OR UGLY BECAUSE ...

Good – more street theatre and mandatory busking.

Good – community gathering place.

Should be more European-style – café bars.

Good – but more activity would liven up St. Peter Port and encourage folk to shop.

Good area of open space.

Good – but more shop choice, cafés, cinema and theatre.

Ugly – because too much concrete and bare.

Good re-development of rancid architecture.

Too many empty shops – lost its soul!

Walking access nice place to meet.

Good but sterile, empty and lacking toilet facilities.

Good – excellent redevelopment but it's a pity the Co-Op is squashed in there.

Bad – Lonely outside and like the mainland inside.

Good facade outside.

Bad – no longer an old fashioned market.

### ... IN THE FUTURE WE SHOULD ...

Much better than it was.

SAD – it should be a vibrant market, too often cold and empty.

Reinstate proper fruit and veg. Market, organic butcher, deli etc. – A forest stores for town.

Should be used more.

Should be used more for local events.

Inside of market should be used more.

Could be centre [of town] and filled with people and entertainment.

Should have kept ownership/control.

More cafe/restaurants.
