

GOOD, BAD OR UGLY BECAUSE ...

Good, but we need more; 1) community police officers, CSO; 2) local trades with rent control 3) Town centre management and 4) Night bus services.

Looks nice – where are the shoppers?

Doesn't look or feel Guernsey – any town.

High street is largely small shops, gives a unique feel to the town.

Don't introduce large stores.

Guernsey's town centre is good – much better than Jersey's.

Bad – town is dead after 5:30pm.

Bad – restricted access

Where are the police?

Good but would be better with flowers in the summer instead of the ghastly plastic bunting draped across the streets.

... IN THE FUTURE WE SHOULD ...

Try and protect the centre so that shops don't all move out leaving it empty.

Later buses to town would encourage more night life other than just clubs and bars.

Encourage after-hours activities for a range of social types
