

## GOOD, BAD OR UGLY BECAUSE ...

Good – it's the arts.

Good – but had to be rescued by private individuals.

Good – as we need to have a variety of culture.

Excellent selection of entertainment.

Good – yes, lovely.

All good.

Lovely – really good concert hall, great to see youth performing etc.

Good – because it shows what Guernsey is about.

Lovely to see local concerts and use local talent.

Beautiful place to play in.

Wonderfully historic restored building with good acoustics and facilities.

Bad – poor acoustics and poor seating – lack of atmosphere

Good for community.

Good – tasteful and useful.

## ... IN THE FUTURE WE SHOULD ...

The arts need more financial support from the States.

Make it less exclusive. This should be a place for all artists, young and old to express themselves. Otherwise provide a venue for the musicians of Guernsey to perform in.

Encourage youth.

More financial support to encourage more events.

See more free concerts. Everything here is about money. No wonder first-time buyers can't get houses.

More funding needed for the future.
